

SPECIAL EVENTS

Thursday, May 5 – ASHFALL FIELD TRIP

Field Trip to the Ashfall Fossil Site near Royal, Nebraska. We will meet there at 9:15 AM. Museum personnel will guide us in the unique findings at this geologically interesting site. Sedimentary rock layers (strata) contain fossils that reveal clues to environmental conditions and the animal life of specific times in the past. An opportunity for discussion will follow the tour. (\$7.50/person (over age 3) park entry fee)

Friday, May 6 – THE GEOLOGY NEAR US

Field Trip to a gravel quarry near Kearney, Nebraska (about a 50-minute drive) to explore the rocks and geology of the Ogallala aquifer. We will meet at the C3 Hotel & Conference Center at 9:00 AM. Dr. Jerry Simmons will be our host and guide. This field trip will give an appreciation for the origin, magnitude, composition, and importance of this massive geologic feature that has Biblical flood implications. We will return by 4:00 PM.

Saturday, May 7 – YOUTH BREAKOUT SESSION

This exciting event for all youth (ages 6 and older) will be held 10:00 am -12:15 pm on Saturday at the C3 Hotel and Conference Center. Participants can bring favorite rocks and fossils to be identified by Dr. Simmons, the "DocRock".

Friday, May 6th

5:00-6:00 pm Doors open – Registration

6:00-7:00 pm – Dr. Jerry Simmons
"Surviving Today's So-Called Science"

7:15-8:15 pm – Brian Lauer
"The Hydroplate and Its Amazing Predictions"

8:30-9:30 pm – Brian Young
"How Egyptian Pharaohs Corrupted Science"

Saturday, May 7th

7:45-8:30 am Doors open

8:30-9:30 am – Dr. Jerry Simmons
"Wow and Wonder of Rocks and Fossils"

10:00-12:15pm – Dr. Jerry Simmons
YOUTH BREAKOUT SESSION by the pool

10:00-11:00 am -- Brian Lauer
"God's Clues are Everywhere"

11:15-12:15 pm – Brian Young
"Mt St. Helens Blows up Evolution"

12:15-1:45pm Lunch

1:45-2:45 pm – Brian Young
"Ancient Man – Brilliant or Brutish?"

3:00-4:00 pm – Dr. Jerry Simmons
"Squishy Tissue Issues"

4:15-5:15 pm – Brian Lauer
"Prepare for the Battle"

5:15-6:30 pm Dinner

6:30-8:00 pm – All three speakers
"Panel Summary followed by Q&A"

SPEAKERS

Dr. Jerry Simmons, AKA "DocRock": His ministry experience includes prison, youth, and pastoral experiences. He has a passion for teaching with an emphasis on

Scripture and creation. For nine years he was a professor at Barclay College (Haviland, KS). While at Barclay Dr. Simmons and his wife Linda started a ministry called Heart of America Science Resource Center (HOASRC). DocRock is retired and is currently teaching part time at the middle school in Haviland, KS and focused on the ministry of HOASRC.

Brian Young, an internationally known speaker and author, was a teacher and principal for ten years before becoming director of Creation Instruction Association and the

Semisaurus Mobile Creation Museum. He has now been speaking on the topic of creation and Biblical authority for 27 years, doing debates at universities, going into prisons, and sharing at churches, schools, and camps around the world. He uses the Bible as the foundation for science and education.

Brian Lauer has a passion to help people solidify their faith in the Bible by looking at science. The evidence overwhelmingly supports a Creator, and a worldwide flood. Tragically, this

information has been censored or misinterpreted by our government schools and museums. Brian has given creation presentations from Minnesota to Florida at churches, schools, camps and universities. He has helped start Bible and creation clubs at colleges and in communities.
